

High power glass LED Lens

NSO-COB-60-66x33.68

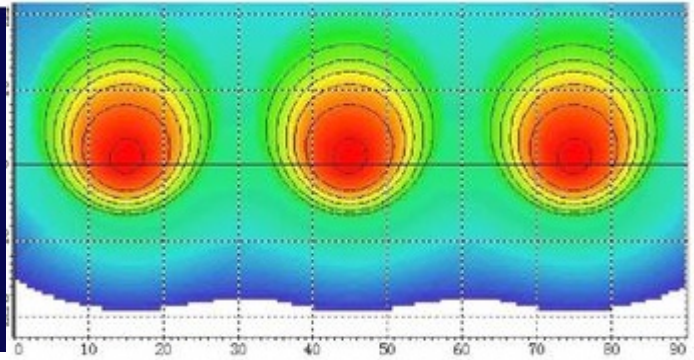

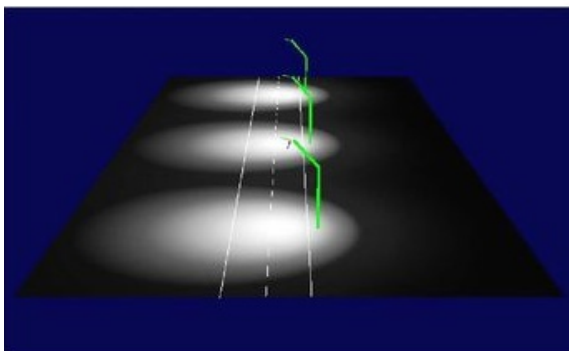

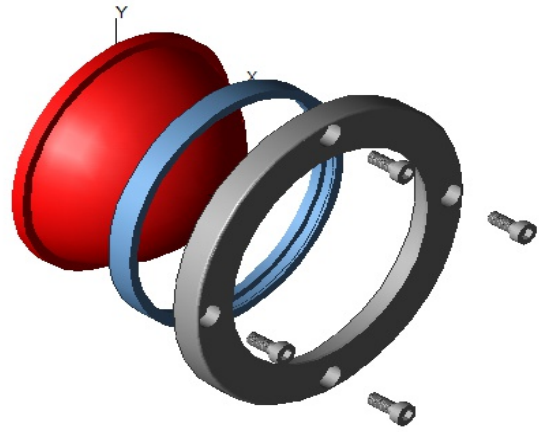

- 1) Material: optical glass (high borosilicate)
- 2) Light transmittance: above 94%
- 3) Refractive index: 1.474
- 4) Special application: street light, outdoor lighting etc.
- 5) Power: 10-50W
- 6) View angle: 60 Degree
- 7) Heat resistant: 500 centigrade
- 8) Supplied with fixtures
